

CANADA TRADE MISSION

Toronto and Montreal

November 1 - 5, 2010

Partnership Opportunities!

Carolinas District Export Council Trade Mission to Canada

[Click Here to Become a Sponsor](#)

US-Canada trade \$1.65 billion daily

Each and every day, 365 days a year, two-way trade between the U.S. and Canada is approximately **\$1.65 billion** in goods and services!

Carolina companies have always enjoyed a special relationship with America's largest trade partner, but today, as the world economy continues to recover, new and seasoned exporters alike are especially looking for a market they feel is reliable, safe and dependable.

This year, sponsors will have a golden opportunity to take part in something special - the first, joint North Carolina / South Carolina Trade Mission to Toronto and Montreal. As a sponsor, your company will benefit from economical, widespread promotion and exceptional visibility throughout Canada and the Carolinas - before, during and after the business matchmaking mission.

Supporting sponsors will immediately reach new potential customers who are participating on the mission as well as prospective customers alerted to the event in the Carolinas, Ontario, and Quebec.

As the U.S. economy continues to improve, this is an outstanding opportunity for sponsors to position themselves now to benefit directly from the largest, continuing flow of trade in the world that exists between two countries.
